PREFACE

The ICC Los Angeles Basin Chapter Administration and Code Committee (“LABC-AC”) is taking the lead to facilitate and strengthen code coordination efforts among the various participating chapters, organizations and jurisdictions (herein after referred to collectively as “Participants”). It is the LABC-AC’s goal that increasing collaboration among Participants regarding code change proposals will help ensure that the voices of all the Participants’ Governmental Member Voting Representatives (“GMVR”) are uniform and consistent. As such, the LABC-AC believes that these efforts will help to enable Participants to have a significant impact on the code development process at the national level.

DISCUSSION

The LABC-AC has been working closely with Participants engaged in the code development process to evaluate and recommend positions on select code change proposals. With that effort now complete, the LABC-AC is recommending to all of the Participants’ GMVR to support the consensus voting recommendation for several code change proposals that were individually considered and received a final action during the International Code Council (“ICC”) Public Comment Hearings held on September 14-17 of 2022 in Louisville, KY. The LABC-AC hopes that this document will help to serve as a guide for all of the Participants’ GMVR when evaluating which code change proposals to support or oppose online through the ICC cdpACCESS. This document consolidates and summarizes the desired voting position of Participants to ensure ease of comparison and review for all of the Participants’ GMVR. The LABC-AC encourages all of the Participants’ GMVR to participate in ICC’s Online Governmental Consensus Vote (“OGCV”). Your vote is important and will help to further the goal of making an impact on the code development process. The ICC Online Governmental Consensus Voting (“OGCV”) period begins **OCTOBER 10, 2022** and concludes **OCTOBER 24, 2022**.

For all the recommended voting positions of the Participants that were not included in this document, please refer to the shared online excel file titled “2022 ICC-CAH-PCH Group B 2024 I-Codes” and any other supporting documents on the ICC Los Angeles Basin Chapter’s website at: icclabc.org/code-coordination

For more information and a detailed description of the code change proposals, refer to the published 2022 Group B Public Comment Agenda – Complete Monograph Dated August 2022 at: iccsafe.org/wp-content/uploads/2022-Group-B-Public-Comment-Agenda.pdf

All online votes must be cast using ICC cdpACCESS at: cdpaccess.com/login/.

STATEMENT ON USE OF DOCUMENT

The primary purpose of the LABC-AC is to serve and benefit its members and participating chapters, organizations and jurisdictions. To this end, the LABC-AC provides a forum for the exchange, consideration, and discussion of ideas and proposals that are relevant to the profession and the consensus of which forms the basis for the proposed recommended actions provided herein. By making available this document, the LABC-AC does not insure any individual, chapter, organization or jurisdiction using the information it contains against any liability arising from that use. The LABC-AC disclaims liability for any injury to persons or to property, or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly resulting from the publication, use of, or reliance on this document. The LABC-AC makes no guaranty or warranty as to the accuracy or completeness of any information provided herein. Any individual, chapter, organization or jurisdiction using this document should rely on their own independent judgment and exercise reasonable care in any given circumstances. Each individual, chapter, organization or jurisdiction using this document should make an independent, substantiating investigation of the validity of that information for their particular use.

ACRONYMS

AM	Approved as Modified at the Committee Action Hearing
AMPC	Approved as Modified by Public Comment
AS	Approved as Submitted
CA	California
CAH	Committee Action Hearings
D	Disapproved
FPO	CalChiefs Fire Prevention Officers
GMVR	Governmental Member Voting Representative
ICC	International Code Council
LABC	ICC Los Angeles Basin Chapter
OEC	ICC Orange Empire Chapter
OGCV	Online Governmental Consensus Voting
PCH	Public Comment Hearings
SD	ICC San Diego Chapter

ACKNOWLEDGEMENT

The LABC-AC would like to express its gratitude and appreciation to all the LABC-AC members and participating chapters, organizations and jurisdictions that spent countless hours over the past several weeks and months assisting in the review, discussion, evaluation and/or drafting of code change proposals for the 2022 ICC Group B Public Comment Hearings on the 2024 Edition of the I-Codes. The culmination of this work forms the basis for the consensus voting recommendation contained in this document. Special thanks go out to the following individuals without whose support and effort the recommendation presented herein would not be possible.

CALCHIEFS FIRE PREVENTION OFFICERS

- Crystal Sujeski, CA Office of the State Fire Marshal
- Greg Andersen, CA Office of the State Fire Marshal
- Kevin Reinertson, County of Riverside Fire Authority

ICC LOS ANGELES BASIN CHAPTER

- Aleeta Dene, APA The Engineered Wood Association
- Ara Sargsyan (LABC Past President), City of Santa Monica Building and Safety Division
- Eric Lim, County of Los Angeles Building and Safety Division
- Gregory Bowser (Structural Committee Co-Chair), City of Long Beach Building and Safety Bureau
- Paul Armstrong, TBR and Associates
- Kristin Norman, County of Los Angeles Building and Safety Division
- Ramig Shamim (Structural Committee Co-Chair), County of Los Angeles Building and Safety Division
- Truong Huynh (Administration Committee Chair), City of Long Beach Building and Safety Bureau

ICC ORANGE EMPIRE CHAPTER

- Khanh Nguyen (Code Development Committee Chair), City of Anaheim Building Division
- Richard Supan, City of Anaheim Building Division

ICC SAN DIEGO AREA CHAPTER

- Ali Fattah, City of San Diego Development Services Department

OVERVIEW OF DOCUMENT

This section explains the basic overview of how the information provided in this document is organized, displayed, and how it can be used by the GMVR as a guide when considering what code change proposals to support or oppose.

The recommendation contained in this document is organized into a series of tables representing specific subject matters: Administration, IBC Fire-Safety, IEBC, and IRC Building. The table themselves consist of 5 main sections: code change number; code topic, subject or description; public comment hearing results; voting position of each participant; and the consensus voting recommendation. The recommendations are extracted from the more comprehensive shared online excel file used by the LABC-AC to organize the voting position of each Participants before, during and after the code hearings.

This column reflects the code change number associated with a code change proposal.

These columns reflect the voting position of the various participating chapters, organizations or jurisdictions from CA.

CODE CHANGE NUMBER	CODE TOPIC, SUBJECT OR DESCRIPTION	PCH RESULT	VOTING POSITION OF EACH CHAPTER, ORGANIZATION OR JURISDICTION				OGCV CONSENSUS VOTING RECOMMENDATION
			FPO	LABC	OEC	SD	
ADM6-22	Scope	D	D	D	D	D	D
ADM13-22 Part I	Duties and Powers	AM	AM	AM	AM	AM	AM
ADM13-22 Part II	Duties and Powers	AM	AM	AM	AM	AM	AM
ADM14-22	Duties and Powers	AM	AM	AM	AM	AM	AM
ADM18-22	Modifications	AM	AM	AM	AM	AM	AM
ADM34-22 Part II	Alternative Materials, Design and Methods of Construction and Equipment	D	AS	D	D	D	D
ADM35-22	Alternative Materials, Design and Methods of Construction and Equipment	AM	AM	D	D	D	D
ADM36-22 Part I	Alternative Materials, Design and Methods of Construction and Equipment	AM	AM	D	D	D	D

This column reflects a high-level summary of the code topic, subject or description contained in the code change proposal. For a more detailed description, including the full text with strike out and underline, of the code change proposal, refer to the published 2022 Group B Public Comment Agenda – Complete Monograph Dated August 2022.

This column reflects the result of the PCH's final action on a code change proposal. The results of the PCH set the agenda and ballot options for the OGCV.

This column reflects the consensus voting recommendations by the various participating chapters, organizations or jurisdictions from CA following the PCH. A consensus voting recommendation will be reflected here when there is a MAJORITY voting position established for a code change proposal. For the purpose of this document, the term "MAJORITY" is defined as follows:

MAJORITY means that the voting position of at least 3 or more participants are the same and there is not more than 1 participant with a different voting position.

A consensus voting recommendation WILL NOT be reflected here and left blank when MAJORITY cannot be established OR the recommendation is not an allowable voting option.

CONTINUE

Here are a few examples reflecting when a **CONSENSUS** voting position have been reached to develop a voting recommendation. Voting is unanimous.

Consensus voting recommendation for the OGCV is reflected in this column. Refer to the individual voting recommendation of participants to guide your voting decisions.

CODE CHANGE NUMBER	CODE TOPIC, SUBJECT OR DESCRIPTION	PCH RESULT	VOTING POSITION OF EACH CHAPTER, ORGANIZATION OR JURISDICTION				OGCV CONSENSUS VOTING RECOMMENDATION
			FPO	LABC	OEC	SD	
RB239-22	Table R704.3.4 Prescriptive Alternative for Wood Structural Panel Soffit	AMPC1		AMPC1	AMPC1	AMPC1	AMPC1
RB242-22	Alternate Fire Testing	D		D	D	D	D
RB251-22	Roof Covering Materials	AS	AS	AS	AS	AS	AS
