2016 Energy Standards: Residential HVAC Requirements

ICC PP Course #: 15603 – 0.6 CEUs

AIA Course #: 01:2018 – 6 AIA LUs

This overview course will focus on the 2016 Building Energy Efficiency Standards requirements for residential HVAC systems in newly constructed buildings, additions, and alterations. The course objective is to increase participants' understanding of Title 24, Parts 1 and 6. Topics that will be addressed include: space-conditioning equipment efficiency, air-distribution ducts, piping, insulation, filtration, HERS testing, indoor air quality, compliance documents, and resources. This course will include discussion about enforcement issues on how to identify compliance triggers, verify compliance at permit, and verify measures and efficiencies at final inspection. Through this training, participants will be provided with the knowledge and tools necessary to enforce and comply with the 2016 Energy Standards.
