COORDINATORS & EVALUATORS

Updated November 2016

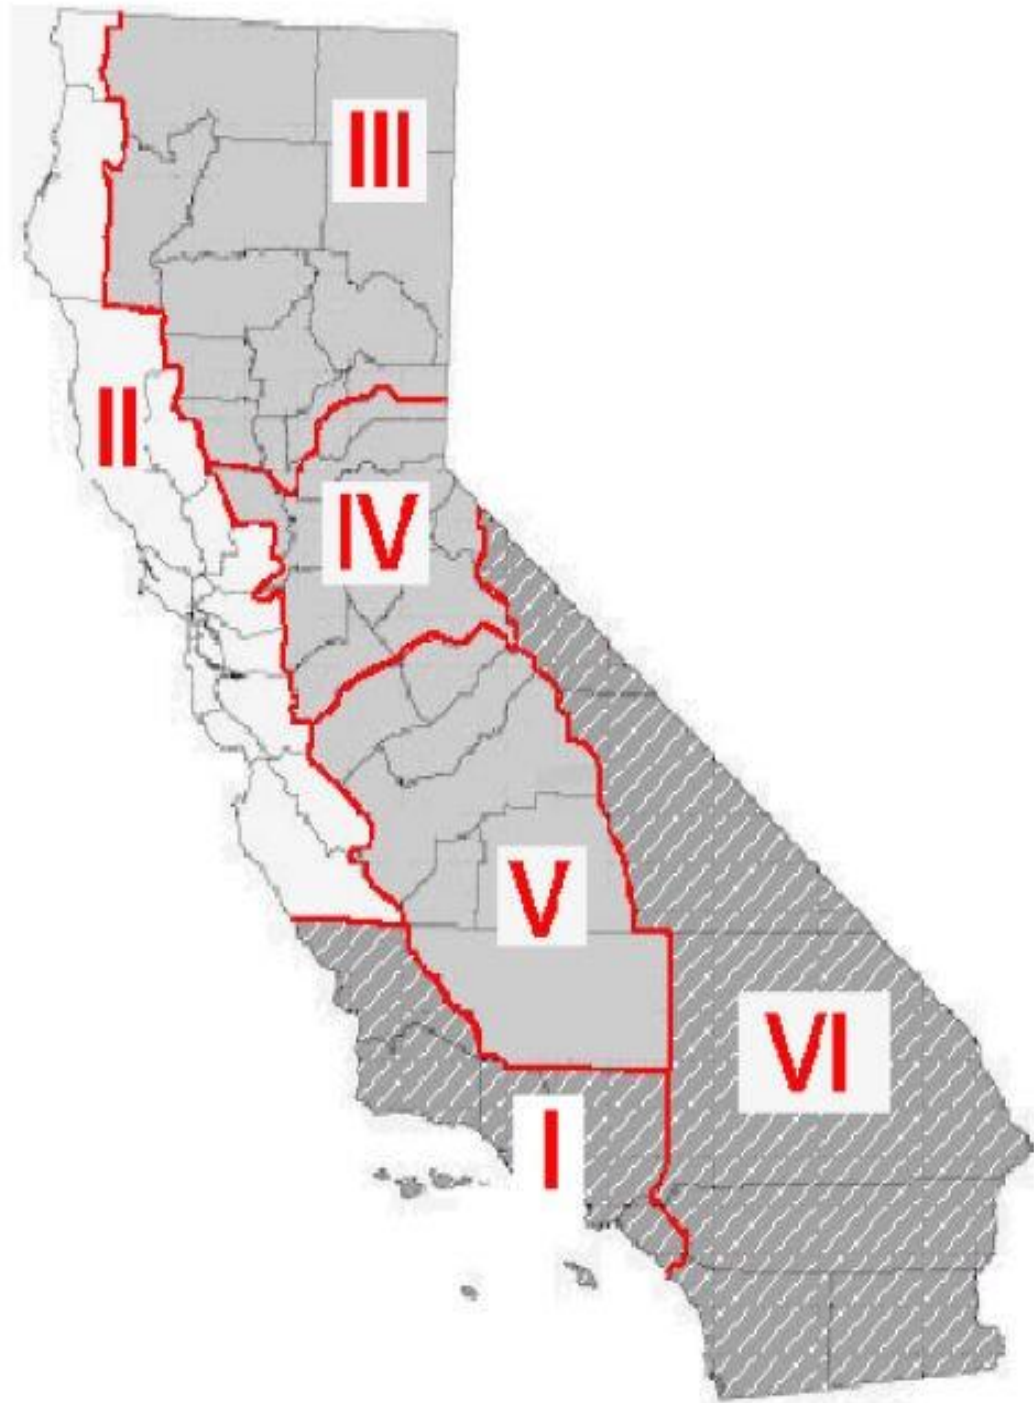

The purpose of this document is to provide contact information throughout the state of California to assist in the emergency response needs of our communities. The hierarchical structure of the Callout list is arranged by Regional Coordinators. State Coordinators are the point of first contact for Cal EMA. In the aftermath of an emergency, State Coordinators contact Regional Coordinators in the affected area who then coordinate Evaluators based on the needs of the event.
