In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller’s Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the California Public Records Act (CPRA) program. The Parameters and Guidelines (P’s & G’s) are included as an integral part of the claiming instructions.

On May 26, 2011, the Commission on State Mandates (CSM) adopted a statement of decision finding that the test claim statute imposes a partially reimbursable state-mandated program upon local agencies and K-14 school districts within the meaning of Article XIII B, section 6 of the California Constitution and GC section 17514.

**Exception**

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

**Eligible Claimants**

Any community college district as defined in Government Code section 17519, which incurs increased costs as a result of this mandate, is eligible to claim for reimbursement. Separate claiming instructions were issued for school districts. Refer to California Public Records Act for school districts, program 354.

**Reimbursement Claim Deadline**

Initial reimbursement claims must be filed within 120 days from the issuance date of the claiming instructions. Costs incurred for compliance with this mandate are reimbursable for the fiscal years 2001-02 through 2012-13 and must be filed with the SCO by **February 28, 2014**. Claims filed more than one year after the filing date will not be accepted.

**Penalty**

- **Initial Claims**

  When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).
- **Annual Reimbursement Claim**

  When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; $10,000 maximum penalty, pursuant to GC section 17568.

**Minimum Claim Cost**

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars ($1,000).

**Reimbursement of Claims**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

**Audit of Costs**

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO’s claiming instructions and the P’s & G’s adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.
Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.

I. SUMMARY OF THE MANDATE

The California Public Records Act (CPRA) provides for the disclosure of public records kept by the state, local agencies, school districts and community college districts, and county offices of education. On May 26, 2011, the Commission on State Mandates (Commission) adopted a statement of decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon local agencies and K-14 school districts within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission approved this test claim for the following reimbursable activities which impose an incremental increase in the level of service required under prior law:

1. If requested by a person making a public records request for a public record kept in an electronic format, provide a copy of a disclosable electronic record in the electronic format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. (Gov. Code, § 6253.9(a)(2) (Stats. 2000, ch. 982)).

2. Within 10 days from receipt of a request for a copy of records, notify the person making the request of the determination regarding whether the records are disclosable and the reasons for the determination. (Gov. Code, § 6253(c) (Stats. 2001, ch. 982)).

3. If the 10-day time limit of Government Code section 6253 is extended by a local agency or K-14 district due to “unusual circumstances” as defined by Government Code section 6253(c)(1)-(4) (Stats. 2001, ch. 982), provide written notice to the person making the request, setting forth the reasons of the extension and the date on which a determination is expected to be dispatched. (Gov. Code, § 6253(c) (Stats. 2001, ch. 982)).

4. If a request is denied, in whole or in part, respond in writing to a written request for inspection or copies of public records that includes a determination that the request is denied. (Gov. Code, § 6255(b) (Stats. 2000, ch. 982)).

5. When a member of the public requests to inspect a public record or obtain a copy of a public record:
   a. Assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated;
b. Describe the information technology and physical location in which the records exist; and

c. Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

These activities are not reimbursable when:

- The public records requested are made available to the member of the public through the procedures set forth in Government Code section 6253;
- The public agency determines that the request should be denied and bases that determination solely on an exemption listed in Government Code section 6254; or
- The public agency makes available an index of its records. (Gov. Code, § 6253.1(a) and (d) (Stats. 2001, ch. 355)).

6. For K-12 school districts and county offices of education only, the following activities are eligible for reimbursement:

a. Redact or withhold the home address and telephone number of employees of K-12 school districts and county offices of education from records that contain disclosable information.

   This activity is not reimbursable when the information is requested by: (1) an agent, or a family member of the individual to whom the information pertains; (2) an officer or employee of another school district, or county office of education when necessary for the performance of its official duties; (3) an employee organization pursuant to regulations and decisions of the Public Employment Relations Board, except that the home addresses and home telephone numbers of employees performing law enforcement-related functions shall not be disclosed (and thus must always be redacted or withheld); (4) an agent or employee of a health benefit plan providing health services or administering claims for health services to K-12 school district and county office of education employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents. (Gov. Code, § 6254.3(a) (Stats. 1992, ch. 463).)

b. Remove the home address and telephone number of an employee from any mailing lists that the K-12 school district or county office of education is legally required to maintain, if requested by the employee, except for lists used exclusively by the K-12 school district or county office of education to contact the employee. (Gov. Code, § 6254.3(b) (Stats. 1992, ch. 463).)

II. ELIGIBLE CLAIMANTS

Any city; county; city and county; special district subject to the taxing restrictions of articles XIII A and XIII C, and the spending limits of article XIII B, of the California Constitution, whose costs for this program are paid from proceeds of taxes; or any "school district" as defined in Government Code

California Public Records Act, 02-TC-10 and 02-TC-51
Corrected Parameters and Guidelines
section 17519 which incurs increased costs as a result of this mandate, is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Los Angeles filed the first test claim on October 15, 2002, establishing eligibility for reimbursement for the 2001-2002 fiscal year. Therefore, costs incurred pursuant to the test claim statutes are reimbursable on or after July 1, 2001.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.

2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

3. Pursuant to Government Code section 17560(a), a local agency or school district may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.

4. If revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(e), between November 15 and February 15, a local agency or school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code § 17560(b)).

5. If the total costs for a given fiscal year do not exceed $1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).

6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.
Claimants may use time studies to support salary, benefit, and associated indirect costs when an activity is task-repetitive. Activities that require varying levels of effort are not appropriate for time studies. Time study usage is subject to the review and audit conducted by the State Controller’s Office.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant that incurs increased costs, the following activities are reimbursable:

**A. One Time Activities: Development of Policies and Procedures, and Training Employees to Implement the Mandate**

1. Developing policies, protocols, manuals, and procedures, to implement only the activities identified in section IV.B. of these parameters and guidelines. The activities in section IV.B. represent the incremental higher level of service approved by the Commission.

   This activity does not include, and reimbursement is not required for, developing policies and procedures to implement California Public Records Act requirements not specifically included in these parameters and guidelines. This activity specifically does not include making a determination whether a record is disclosable, or providing copies of disclosable records.

2. One-time training of each employee assigned the duties of implementing the reimbursable activities identified in section IV.B. of these parameters and guidelines.

   This activity does not include, and reimbursement is not required for, instruction on California Public Records Act requirements not specifically included in these parameters and guidelines. This activity specifically does not include instruction on making a determination whether a record is disclosable, or providing copies of disclosable records.

**B. Ongoing Activities**

1. Provide a copy of a disclosable electronic record in the electronic format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. (Gov. Code, § 6253.9(a)(2) (Stats. 2000, ch. 982)).

   This activity includes:

   a. Computer programming, extraction, or compiling necessary to produce disclosable records.

   b. Producing a copy of an electronic record that is otherwise produced only at regularly scheduled intervals.

Reimbursement is not required for the activities of making the determination whether a record is disclosable, receiving the request for records, determining whether the request falls within the agency’s jurisdiction, determining whether the request describes reasonably identifiable records, identifying access to records, conducting legal review to determine whether the records are disclosable, processing the records, sending the records, or tracking the records.
Fee authority discussed in section VII. of these parameters and guidelines is available to be applied to the costs of this activity. The Controller is authorized to reduce reimbursement for this activity to the extent of fee authority, as described in section VII.

2. Upon receipt of a request for a copy of records, a local agency or K-14 school district must perform the activities in a., b., or c. as follows:
   
a. Beginning January 1, 2002, within 10 days from receipt of a request for a copy of records, provide verbal or written notice to the person making the request of the disclosure determination and the reasons for the determination. (Gov. Code, § 6253(c), Stats. 2001, ch. 982);

   This activity includes, where applicable:
   1) Drafting, editing and reviewing a written notice to the person making the request, setting forth the reasons for the determination.
   2) Obtaining agency head, or his or her designee, approval and signature of a written notice of determination.
   3) Sending or transmitting the notice to the requestor.

b. Beginning January 1, 2002, if the 10-day time limit to notify the person making the records request of the disclosure determination is extended due to “unusual circumstances” as defined by Government Code section 6253(c)(1)-(4) (Stats. 2001, ch. 982), the agency head, or his or her designee, shall provide written notice to the person making the request, setting forth the reasons of the extension and the date on which a determination is expected to be dispatched. (Gov. Code, § 6253(c), Stats. 2001, ch. 982).

   This activity includes, where applicable:
   1) Drafting, editing and reviewing a written notice to the person making the request, setting forth the reasons for the extension of time.
   2) Obtaining agency head, or his or her designee, approval and signature of, the notice of determination or notice of extension.
   3) Sending or transmitting the notice to the requestor.

c. Beginning July 1, 2001, if a request is denied, in whole or in part, respond in writing to a written request for inspection or copies of public records that includes a determination that the request is denied. (Gov. Code, § 6255(b), Stats. 2000, ch. 982).

   This activity includes, where applicable:
   1) Drafting, editing and reviewing a written notice to the person making the request, setting forth the reasons for the determination. This may include legal review of the written language in the notice. However, legal research and review of the law and facts that form the basis of the determination to deny the request are not reimbursable.
   2) Obtaining agency head, or his or her designee, approval and signature of, the notice of determination.

California Public Records Act, 02-TC-10 and 02-TC-51
Corrected Parameters and Guidelines
3) Sending or transmitting the notice to the requestor.

Reimbursement for activities 2a., 2b., and 2c. is not required for making the determination whether a record is disclosable, receiving the request for records, determining whether the request falls within the agency’s jurisdiction, determining whether the request describes reasonably identifiable records, identifying access to records, conducting legal review to determine whether the records are disclosable, processing the records, sending the records, or tracking the records.

3. When a member of the public requests to inspect a public record or obtain a copy of a public record, the local agency or K-14 school district shall (1) assist the member of the public to identify records and information that are responsive to the request or to the purpose of the request, if stated; (2) describe the information technology and physical location in which the records exist; and (3) provide suggestions for overcoming any practical basis for denying access to the records or information sought.

This activity includes:

a. Conferring with the requestor if clarification is needed to identify records requested.

b. Identifying record(s) and information which may be disclosable and may be responsive to the request or to the purpose of the request, if stated.

c. Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

These activities are not reimbursable when: (1) the public records requested are made available to the member of the public through the procedures set forth in Government Code section 6253; (2) the public agency determines that the request should be denied and bases that determination solely on an exemption listed in Government Code section 6254; or (3) the public agency makes available an index of its records. (Gov. Code, § 6253.1(a) and (d), Stats. 2001, ch. 355).

In addition, reimbursement is not required for the activities of making the determination whether a record is disclosable, receiving the request for records, determining whether the request falls within the agency’s jurisdiction, conducting legal review to determine whether the requested records are disclosable, processing the records, sending the records, or tracking the records.

4. For K-12 school districts and county offices of education only, the following activities are eligible for reimbursement:

a. Redact or withhold the home address and telephone number of employees of K-12 school districts and county offices of education from records that contain disclosable information.

This activity is not reimbursable when the information is requested by: (1) an agent, or a family member of the individual to whom the information pertains; (2) an officer or employee of another school district, or county office of education when necessary for the performance of its official duties; (3) an employee
organization pursuant to regulations and decisions of the Public Employment Relations Board, except that the home addresses and home telephone numbers of employees performing law enforcement-related functions shall not be disclosed (and thus must always be redacted or withheld); (4) an agent or employee of a health benefit plan providing health services or administering claims for health services to K-12 school district and county office of education employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents. (Gov. Code, § 6254.3(a), Stats. 1992, ch. 463.)

b. Remove the home address and telephone number of an employee from any mailing lists that the K-12 school district or county office of education is legally required to maintain, if requested by the employee, except for lists used exclusively by the K-12 school district or county office of education to contact the employee. (Gov. Code, § 6254.3(b), Stats. 1992, ch. 463.)

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim and itemize all costs for those services. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be

California Public Records Act, 02-TC-10 and 02-TC-51
Corrected Parameters and Guidelines
claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

6. Training

The cost of training each employee to perform the mandated activities is eligible for reimbursement as a one time cost. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, and per diem.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

For local agency claimants:

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B).
The distribution base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) classifying a department’s total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or

2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division’s or section’s total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

For school district claimants:

School districts must use the California Department of Education approved indirect cost rate for the year that funds are expended.

Community colleges have the option of using: (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21, "Cost Principles of Educational Institutions"; (2) the rate calculated on State Controller’s Form FAM-29C; or (3) a 7% indirect cost rate.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5 (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter\(^1\) is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

---

\(^1\) This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.
VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenue the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees or assessments; federal funds; and other state funds; any of which fund the cost of the mandated activities, shall be identified and deducted from this claim.

Revenue from the fee authority authorized in Government Code sections 6253 and 6253.9(a)(2) and (b), as added by Statutes 2000, chapter 982, shall be identified and deducted from the following costs claimed:

1. The direct costs of providing a copy of a disclosable electronic record in the electronic format requested; and

2. If the request requires data compilation, extraction, or programming to produce the record, or if the record is one that is otherwise produced only at regularly scheduled intervals, the cost of producing the record including the cost to construct it, and the cost of programming and computer services necessary to produce the copy of the electronic record.

VIII. STATE CONTROLLER’S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 90 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statements of decision adopted for the test claim and parameters and guidelines are legally binding on all parties and provide the legal and factual basis for the parameters and guidelines.
